ABOUT JAR OF FLIES

Jar Of Flies is an acoustic tribute band celebrating the dark, soulful, and hauntingly beautiful sound of Alice In Chains. Capturing the essence of the band's iconic MTV Unplugged performance, Jar Of Flies delivers faithful, emotionally charged renditions of AIC's most powerful songs — from Nutshell and Down in a Hole to Rooster and No Excuses.

With an authentic acoustic approach and deep respect for the original harmonies of Layne Staley and Jerry Cantrell, Jar Of Flies recreates the raw intensity and melancholy that defined a generation. Performing throughout New England, the band brings fans an intimate, immersive Alice In Chains experience — unplugged, up close, and unforgettable.
